NEWSLETTER RELEASE – FOR IMMEDIATE RELEASE

Dear Canterbury Primary School Community,

As you know, the novel coronavirus (COVID-19) has been declared a global health emergency and pandemic by the World Health Organization.

As always, the health, safety, and well-being of our employees, customers and communities at-large remain our daily focus. We are continuously updating our best practices and adopting new guidance from appropriate governmental and health agencies and officials, including, for example, instituting remote work policies, updating business continuity and preparedness plans, and employing heightened cleaning, health, safety, and hygiene practices at our retail locations and for our personnel.

As we are all aware, COVID-19 has impacted and is expected to continue to impact all levels of the supply chain for the foreseeable future. Global mills and manufacturing plants have been continually shutdown over the past 6 months, including all local manufacturing here in Melbourne. The resulting product shortages, manufacturing delays, increased lead times, costs and reallocations of supply by local and international suppliers, are all unforeseeable events outside of our control.

Moreover, the ultimate duration and scope of these and other still unknown effects remain unclear. That said, as an exclusive supplier of uniforms and services, we want you to know that our goal is to remain open throughout this pandemic in order to safely and securely support the supply of such goods and services.

Dobsons will keep Canterbury Primary School informed so we can work together to navigate the impacts of this pandemic over the weeks and months ahead. We sincerely appreciate your patience and continued support as we finalise the delivery of uniforms.

Please stay safe and healthy and know that we, as always, remain steadfastly committed to serving you.

Sincerely,
Dobsons Pty Ltd

Alistair Dobson
Director
